Keeping the art of distribution simple

Residential Sprinkler Valve Sets

Shawston supply a full range of residential sprinkler valve sets.

As the leading fire sprinkler product supplier in the UK, we have formed an alliance with Hydrotech Fire & Mechanical Ltd ensuring we continue to provide industry leading fire protection products.

By stocking various configurations of residential sprinkler valves, we offer the complete package for your project needs. Holding two different brands of flow switch: Hydrotech and Potter underlines our investment in both innovative and affordable residential sprinkler valve designs.

And working alongside premium brands such as Hydrotech and Potter, you can be confident in our supply of excellent quality, rigorously tested, authenticated with certification products. Plus, with the addition of our residential sprinkler valve with micro switch you can be sure of compliance with BS9251.

With a product range covering 25, 32, 40, 50mm available as a complete set or as individual pieces to suit your project needs. We also offer nationwide next day delivery and unrivalled customer service via our 5 depots. Let us do all the hard work so you don't have to.
